The graph displays the evolution of 14 different lineages (0-13) over 18 generations. The y-axis represents a value from 0.0 to 2.0. Lineage 5 (purple) shows a sharp increase from generation 6 to 8. Lineage 12 (blue) shows a sharp increase from generation 17 to 18. Lineage 11 (cyan) shows a sharp increase from generation 14 to 15. Lineage 7 (brown) shows a sharp increase from generation 8 to 9. Lineage 13 (orange) shows a sharp increase from generation 17 to 18. Lineage 10 (yellow-green) shows a sharp increase from generation 17 to 18. Lineage 9 (grey) shows a sharp increase from generation 17 to 18. Lineage 8 (pink) shows a sharp increase from generation 17 to 18. Lineage 6 (green) shows a sharp increase from generation 17 to 18. Lineage 4 (red) shows a sharp increase from generation 17 to 18. Lineage 3 (dark red) shows a sharp increase from generation 17 to 18. Lineage 2 (green) shows a sharp increase from generation 17 to 18. Lineage 1 (orange) shows a sharp increase from generation 17 to 18. Lineage 0 (blue) shows a sharp increase from generation 17 to 18.
